

Midwest Motion Products, Inc.

Midwest Motion Products, Inc. (MMP), is a well-established, healthy, & growing Family Owned Business, founded in 2001. MMP specializes in cost-effective standard DC Gearmotors, Motors, Controls, and ancillary equipment.

Known world-wide for our **"Lightning Fast"** delivery capabilities, you can have a Standard Planetary or Right Angled DC Gearmotor BUILT and SHIPPED, often on the very same day you call. Offering Brushed and Brushless designs, with winding voltages ranging from 12 VDC to 120 VDC, we can deliver your "Robust & Reliable" samples within HOURS, instead of weeks, or even months.

There are no minimum order quantity requirements, and visitors to our Website can identify a performance-optimized solution within just a few clicks, using our unique and very popular "Solution Finder" program.

PRODUCTS OFFERED:

- Complete Planetary Gearmotor Solutions
- Right Angled Gearmotors
- STOCK Gear Ratios from 3:1 to 2076:1
- Brushed & Brushless Designs
- Input voltage range from 12-120V DC
- Integral Failsafe Brakes
- Integral Optical Encoders
- Analog Tachometers
- Optional NEMA Flanges (14, 17, 23, 34, 42)
- Motor Speed Controls
- PWM Servo Amplifiers
- Economical DC Linear Actuators
- AC>DC Power Supplies
- 12V Remote Controls with FOBs
- ULTRA QUIET (Delrin) Gearmotors
- Gearmotors BUILT in USA
- High Volume Capacity
- Shipping "Thousands" of units per year

Current Featured Product:
MMP LA3-12V-5-A-SP-100
DC Linear Actuator
